Professional Development Request — Cre8 Conference

Boulder, CO · Mid-April 2027 · Employer L&D justification template

Hi,

I'd like to request approval to attend **Cre8 Conference**, a two-day hands-on generative AI event in Boulder, CO, in mid-April 2027.

Why it's relevant to my work:

- Live technical demos of generative AI workflows across video, audio, UI, code, and agent systems — no slideware, real pipelines.
- A guided build day with expert mentors where I can apply these workflows to problems we're actively working on.
- An official Certificate of Participation covering 12 professional development hours.

Cost:

- Enterprise ticket: $750 (includes full event access, a post-event video archive I can share with the team, and an itemized L&D receipt).

I'll bring back notes, recordings, and at least one working prototype relevant to our roadmap.

Thanks,
